FOR IMMEDIATE RELEASE

Artificial Intelligence Warns Humanity in "AI Apocalypse"

AI Brings Forth a Dire Future Prediction

(Houston, Texas, Aug 1, 2023) – In a compelling exploration of advanced artificial intelligence (AI), author Chuck Miller releases "AI Apocalypse: A Warning to Humanity," a groundbreaking book that urges the world to confront the dangers of unchecked AI development. The thought-provoking AI narrative takes readers on an enlightening journey, showing the potential peril of AI advancement as well as offering a beacon of hope for a path forward.

"We are creating gods, and we may be their first victims." Stephen Hawking

Hawking's quote epitomizes the underlying theme of "AI Apocalypse." It uncovers the alarming ways AI can perpetuate biases and prejudices, emphasizing the urgent need for responsible AI development. The book proposes a future where human values and well-being are prioritized above profits and technical achievements.

About the Book
